**Graduation Requirements Summary** 

Minimum Total Hours	Minimum Major Requirements Hours	College & Program Requirements Hours	Carolina Core Holirs	
128	30	52-66	32-46	2.000

- 1. Regardless of individual course grades, students must maintain a minimum 2.000 cumulative GPA.
- 2. Some colleges require a minimum GPA for major courses. Courses indicated in this column are included in the major GPA for this program of study.
- 3. The Carolina Core provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students.
- 4. Students in the College of Arts and Sciences are required to demonstrate proficiency in one foreign language equivalent to the 122 course through course credit or the corresponding foreign language placement score.
- No courses of a remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward degrees in the College of Arts and Sciences.
   The College of Arts and Sciences allows the use of the Pass-Fail option on elective courses. Further clarification on inapplicable courses can be obtained from the College of Arts and Sciences.
- 6. The College of Arts and Sciences requires one U.S. History and one non-U.S. History course, both of which must be chosen from the approved Carolina Core GHS courses. Whichever is not fulfilled through the Carolina Core GHS requirement must be fulfilled through this college requirement.
- 7. Environmental Science Major Courses (22-27 hours):
  - a. Interdisciplinary Breadth Requirement (7-8 hours): students must choose 2 categories from below:
    - i. Geography Category: GEOG 202 or GEOL 335
    - ii. Geology Category: GEOL 310 or GEOL 315
    - iii. Biology/ENHS Category: BIOL 301 OR ENHS 660
  - Culminating Experience (2-4 hours): students must choose one of the following: ENVR 480; ENVR 460 or MSCI 460; any 500+ level major elective course, or ENVR/GEOL/MSCI 495.
  - c. Major Electives (13-15 hours): students, in consultation with their advisor, must develop a program of study which either provides a broad set environmental science courses or allows students to focus in a defined areas within a concentration. For a list of acceptable major course electives, please visit the Bulletin.

## **Program Notes:**

- Courses identified as "critical" must be completed in the student's first 60 semester hours of work in order for these courses to be credited toward graduation.
- All undergraduate students must take a 3-credit course or its equivalent with a passing grade that covers the founding documents. This course may fulfill any requirement in the program of study. Courses that meet this requirement are listed in the academic <u>bulletin</u>.
- Environmental Science majors may enroll in a major course a maximum of twice to earn the required grade of C or higher. For the purposes of progression, withdrawal with a W does not constitute enrollment.
- The last 30 credit hours toward your degree must be earned in residence at the University of South Carolina-Columbia.

University Requirements: Bachelor's degree-seeking students must meet Carolina Core (general education) requirements. For more information regarding these requirements, please visit the Carolina Core page on the University website

please visit the <u>Carolina Core</u> page on the University website.
