Program Notes:

- Courses designated as critical (!) may affect time to graduation due to prerequisite requirements for subsequent required courses.
- All undergraduate students must take a 3-credit course or its equivalent with a passing grade that covers the founding documents. This course may fulfill
 any requirement in the program of study. Courses that meet this requirement are listed in the academic bulletin.
- Clarification of RETL 295: Retailing Practicum vs. RETL 495: Retailing Internship
 - o RETL 295: Retailing Practicum—a practicum is a job in retailing or a closely-related field, for example, as a clerk or an associate in a store, boutique or gift shop, in an insurance or real estate company, in a bank or other financial institution, etc.
 - RETL 495: Retailing Internship—an internship gives the student more responsibility and an intense experience in retailing or a closely-related field
 and may take one of two forms:
 - 1) the student is participating in an employer's formal internship program as an intern, or
 - 2) the student is interning for an employer that does not have a formal internship program; however, the student is working in a position on a higher level than the practicum; for example, as an assistant manager, an assistant buyer, a manager trainee, etc.
 - Students must complete RETL 295: Retailing Practicum before they can enroll in RETL 495: Retailing Internship. Both are required for the Bachelor
 of Science Degree in Retailing.
- · No courses of remedial, developmental, skill-acquiring, or vocational nature may apply as credit toward the Bachelor of Science Degree in Retailing.
- The last 30 credit hours toward your degree must be earned in residence at the University of South Carolina-Columbia.

University Requirements: Bachelor's degree-seeking students must meet Carolina Core (general education) requirements. For more information regarding these requirements, please visit the <u>Carolina Core</u> page on the University website.
