Note: Each individual's specific access will determine whether the My Workplace or My Homepage option appears – both lead to the Grant Time & Effort tile).

Or

Step 3: Click the Grant Time & Effort tile.

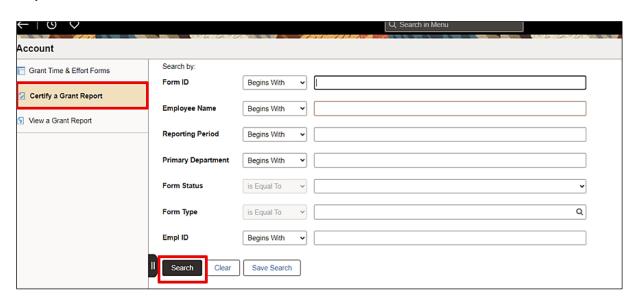

### III. Verifying and Approving Time and Effort Report eForms

It is now time for you to certify and acknowledge that the payroll percentages captured on the employee's time and effort report reasonably reflect their actual time/effort.

If you have questions regarding any reports, please contact your Business Manager. You may also contact the Controller's Office Compliance Team at **timeandeffort@sc.edu** for assistance with any questions your Business Manager cannot address.

Step 1: Click the Certify a Grant Report tab.

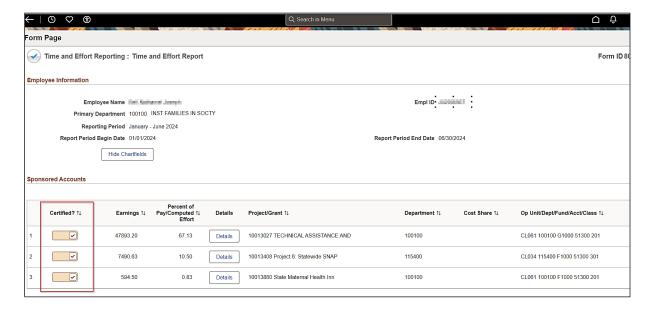

**Step 2**: Click the **Search** button.

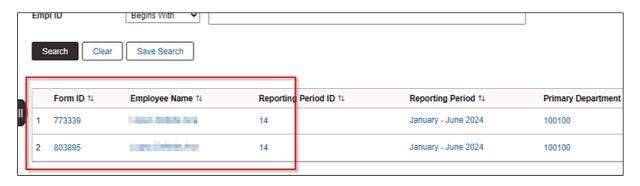

**Step 3**: If there is only one report available for you to certify, the eForm page will automatically open. Otherwise, the multiple reports requiring your certification will populate below the search criteria section of the page. Click **one of the links within the row** to access the report.

Notice that the employee's certification is complete because all lines are toggled to  $\checkmark$ .

#### One Report Available:

#### Multiple Reports Available:

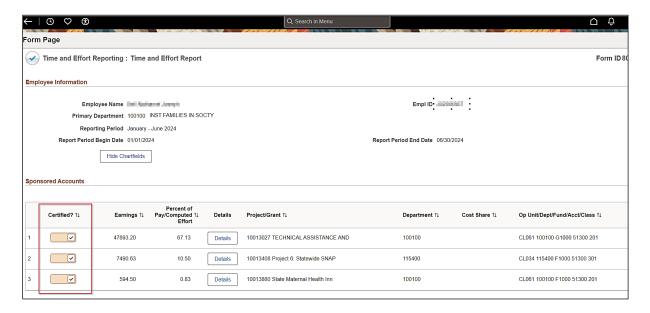

**Step 4**: Review the earnings and percent of pay charged to each distribution (e.g., project, department) during the reporting period for reasonableness.

Note: As the employee's Supervisor, you will be required to approve a report only in instances where a PI and Co-PI are inactive for a project. You will only have access to the lines of the report associated with projects with an inactive PI and Co-PI. Effort reports route to the employee current supervisor, as of the date of report generation. If you were not the employee's supervisor during the reporting period, reach out to your Business Manager or the Controller's Office Compliance Team at timeandeffort@sc.edu for guidance.

**Step 5**: If you feel the percentages reasonably reflect the actual time/effort the employee spent on each activity, leave all Certified fields toggled to ✓ for each line (in both the Sponsored Accounts and University Accounts sections).

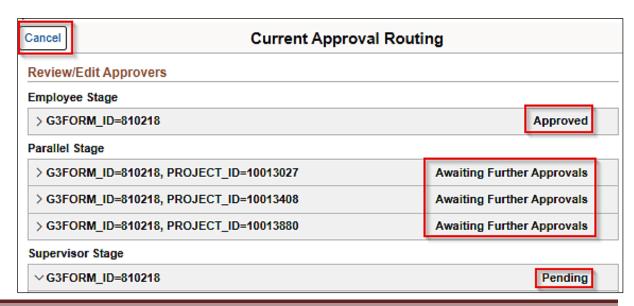

Note: If the employee is no longer with the University and/or unavailable to certify their own report, the supervisor must ensure all lines are certified by toggling the Certified fields to  $\checkmark$ .

**Step 6**: If you are interested in viewing the workflow approval route, including the specific approvers included in the workflow (Employee > PI > Supervisor), click the **View Approval Routing** button.

Notice the employee and PIs have already approved the report and it is pending with the Supervisor. Click the **Cancel** button to return to the report page.

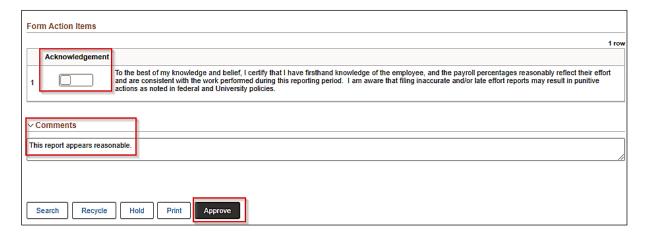

**Step 7**: When your review is complete, acknowledge the reasonableness of the report by toggling the Acknowledgement field to  $\checkmark$ .

**Step 8**: If you would like to leave a comment on the report, click the **Comments** drop-down area to view the comment box. A common supervisor comment on a correct form is "This report appears reasonable."

Make note of any comments entered by previous approvers.

Note: Comments will be visible to **all** individuals who can view the report, including the Employee and Principal Investigators included in the workflow approval route, your Business Manager, and the Controller's Office Compliance Team.

**Step 9**: Click the **Approve** button to complete and submit your certification.

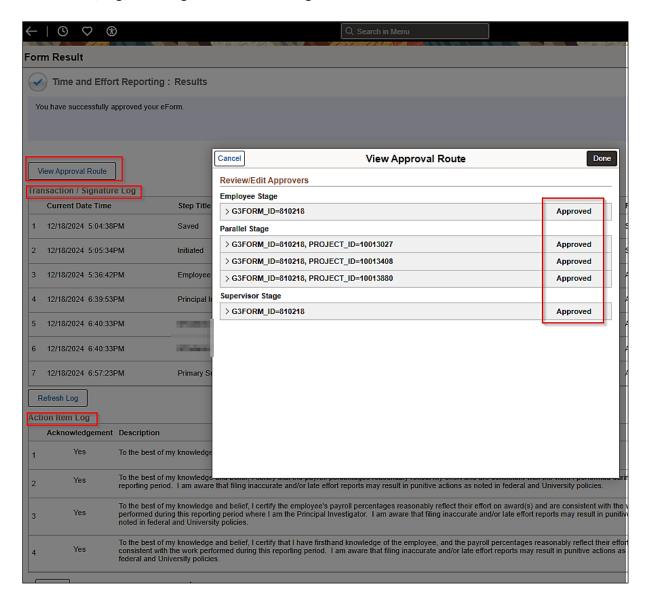

**Step 10**: If you are interested in viewing the workflow approval route at this stage, including the specific approvers included in the workflow (Employee > PI > Supervisor), click the **View Approval Route** button.

You will see that the report is now fully approved – by the employee (in the Employee Stage), the PI(s) (in the Parallel Stage), and you in the Supervisor role (in the Supervisor stage). The report is now complete and fully executed.

A few notes to remember about the Approval Route:

- The **Parallel Stage** will show all the PIs associated with the sponsored awards reflected on the report.
- If the Employee and the PI are the same person, the report will automatically approve at the Parallel Stage in the PI role after the employee approves.
- Similarly, if the PI and Supervisor are the same person, the report will automatically approve at the Supervisor Stage in the Supervisor role after the PI approves.
  - o If included in the approval route as the PI for multiple sponsored awards or as both the PI and the Supervisor, you will receive multiple email notifications, but you will only need to approve the report once.
- It is possible for a report to be pending in multiple queues at the same time if the sponsored awards included the effort reports are associated with different PIs.

**Step 11**: If you are interested in viewing additional detail on the report and certification, refer to the **Transaction / Signature Log** and **Action Item Log**.

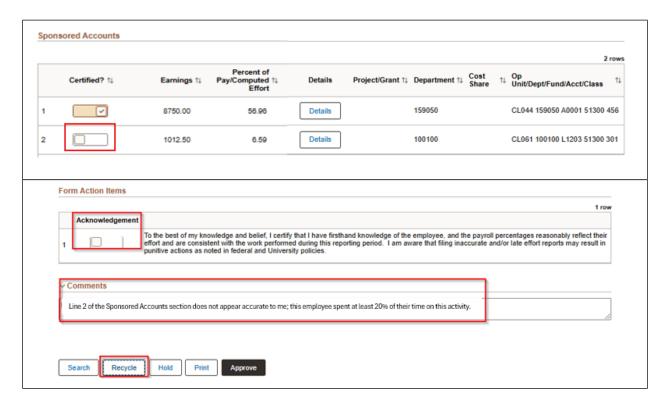

If you find that any of the applicable earnings or percentages captured in the report <u>ARE NOT</u> reasonably reflected, follow Steps 12 through 14 below.

**Step 12**: If you feel the percentages <u>do not</u> reasonably reflect the actual time/effort the employee spent on each activity, toggle the Certified field for the applicable line(s) back to the default position and <u>do not</u> toggle the Acknowledgement to ✓.

**Step 13**: Click the **Comments** drop-down arrow and add a comment to clearly identify your concern/question, making it easier for your Business Manager to begin the process of requesting the necessary changes. **Comments are required for Recycled reports.** 

Note: Comments will be visible to <u>all</u> individuals who can view the report, including the Employee and Principal Investigators included in the workflow approval route, your Business Manager, and the Controller's Office Compliance Team.

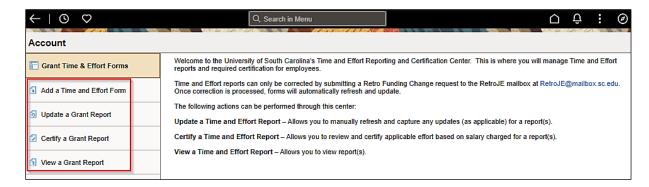

**Step 14**: Click the **Recycle** button to return the report to your Business Manager for changes.

<u>Next Steps:</u> Once the report has been corrected, your Business Manager will resubmit the report for recertification, at which point it will route back to the employee and PIs, and then you, for approval (start back at **Step 1**). If a correction is requested at any step of the approval process, including the Employee, PI, or Supervisor stages, it will require recertification.
